

9-13-20

Hello Sister Amani,

My name is Vincent Williams, I'm writing you because of the work that you are doing out there and I believe that you can be of some help to us. Word has been circulating around that a bill that could possibly effect change in here was placed on the ballot this year. What we are trying to find out is if this is indeed true. I have had the privilege to read some of your newsletters and they were very informative and you were keeping us informed on this matter. We would be very thankful for any and all help concerning this matter.

Thank You for your help and Support!
