RE: Hello Ms. Sawari.

I pray this doesn't sound too forward or as if I know you personally. I am just a fan of your work and can personally identify with the selfless characterist traits it takes to do the thing that you are doing and at the level your doing them on. I did Right (PLAN) seeking legal assistance down here in Georgia with my civil case. I just recently discovered while taking my paralegal course at Blackstone Career Institute, that G.A. was a sovereign state, and I see why its so hard to get help down here unless you become sovereign yourself. But to my point and purpose I was wondering if you and your group could pull up on my Jay pay APP. and we could email correspond, as you keep me updated. I think its www.jaypay.com. my name Trevio Quantez Head 1095585 should pull me right up. But I won't take up too much of your time keep your head up and be blessed.

Sincerely,

Trevio Head
