Heal, bless & prosper,

After reading your article in the Dec 18 Day View
I had to reach out and plea that you would
allow me to enter your world as your brother and
comrade to aid you "anyway" I can for the rest of
my life.

My intention and goal (for starters) is to finally
eradicate the exception clause of the 13th amendment.
We must do this on our watch, before we cross-
over and join our ancestors.

Amani, kindly add me to your mailing list and
send my hoodie to all your movements and
organizations that will need a real one! I do
have 3-years left to do, I've been in 12 plas. So
I'm winding down to get down with the hard
work that's needed for our people. Please consider
writing back, if not, then may your power manifest
itself within me to always push harder for the
upliftment and solidarity of the voiceless.
